

# BOUNDARY TRAINING

After harvest is a great time to create highly accurate, driven boundaries to use with many different technologies. Please join us for some training on how to properly create driven boundaries, including best practices to consider when making and managing these boundaries.

**Training will be provided at each of our locations on the following dates:**

- Decorah - Thursday, November 7th
- Rowley - Friday, November 8th
- Dyersville - Monday, November 11th
- Clermont - Tuesday, November 12th
- Cresco - Wednesday, November 13th
- Monticello - Thursday, November 14th
- Oelwein - Friday, November 15th
- Waukon - Monday, November 18th
- New Hampton: - Tuesday, November 19th
- Elkader - Wednesday, November 20th

**Training will be from  
10 AM - Noon  
at all locations**
